

Fan-tastic

Form

Do you know all the important details before purchasing a **ceiling fan**?

If you do, you must be very **wise**. If you don't, well my friend, don't you worry or get nervous 'cause we are here to help you out.

This form was **brilliantly designed** to help you choose the right ceiling fan. So let us ask you a few questions before you embark in you **ceiling-fan-choosing-journey**.

1 Where is the fan going to be installed?

- Indoor Outdoor

2 What kind of room/space is it? (kitchen, living room, etc...)

3 What are the room/space dimensions?

4 What style of fan would you like? (tropical, modern, traditional, double, etc...)

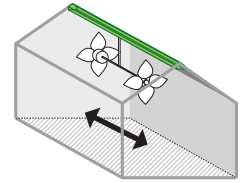

5 How high is the ceiling?

6 Is it a pitched ceiling?

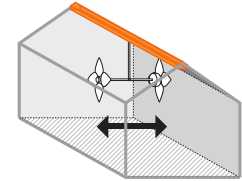

- Yes No

7 (for double ceiling fans) if yes, which way does it orient?

- parallel to ridge beam

- perpendicular to ridge beam

8 Do you need lights with the ceiling fan?

- Yes No

9 Do you know how the room is wired?

How many switch legs?

- I didn't know switches had legs.

10 How many switches does the space have?

11 Do you need remotes or switches?

- Yes No

★ We love visuals so don't forget to bring a **picture** of the room/space where the fans are going (selfies allowed).

★ Also if you are trying to match a specific **color** or **finish** try to bring a sample. (wood finish, wall color, etc)
